

The Holy Spirit at Work: Partnering with the Spirit as He Forms Your Career from the Inside Out shows how God's presence can change your professional life from within. Sean Gibson, drawing on more than twenty years of experience in the corporate world and his own journey of renewal, teaches believers how to recognize and follow the Holy Spirit's guidance in their daily work, whether in hospitals, classrooms, offices, or boardrooms.

Using Scripture, compelling stories, and practical insights, Gibson helps readers shift their focus from success to embracing Spirit-led significance. Each chapter includes relatable examples, reflection prompts, and "Workplace Quests" that encourage readers to encounter God's presence amid the pressures of modern work.

For professionals seeking purpose, peace, and direction in their careers, this book provides a new perspective: your job can be a space where the Holy Spirit develops your character, refines your vision, and influences the world through you. The Holy Spirit at Work encourages readers to live boldly, lead with compassion, and allow the Spirit's presence to redefine true success—one decision, one conversation, and one workplace at a time.

Sean Gibson is a leader, minister, and corporate professional with over 20 years in the surgical device industry. As Founder and CEO of Christ Worker Ministries, he integrates spiritual insight with practical strategies to help Christians unite faith and work. After introducing 12 groundbreaking surgical technologies, Sean answered a deeper call to guide believers through workplace challenges. Since 2020, his ministry has evolved into a global movement, empowering professionals to experience God's presence in their careers. Through podcasts, books, and teaching, Sean inspires Christians to balance ambition with faith and pursue purposeful work led by God's Spirit.
