

Session 4: Perspective

The Holy Spirit at Work Chapter 17

1. Confidence Before Christ

When you think about standing before Christ, do you feel more confidence or hesitation—and what in your current life is shaping that feeling?

2. Redefining “Well Done”

The message said, “You don’t grind your way into ‘Well done.’ You walk with the Spirit into it.” Where are you currently relying more on effort than on partnership with the Holy Spirit?

3. The Workplace Test

Think about a difficult person in your work or daily life. How does your current response to them reflect (or not reflect) a Spirit-led life?

4. Eternal vs. Temporary Impact

Looking at your current priorities—your time, energy, and focus—what are you building with:
gold, silver, and eternal impact... or wood, hay, and temporary success?

5. Fellowship with the Holy Spirit

The message emphasized that the Holy Spirit has been with you before birth, leads you now, and will be with you for eternity. What is currently hindering deeper fellowship with Him in your daily life?
